Tennessee Valley Pediatric Surgery

Pediatric Surgeon Dr. James C. Gilbert manages all aspects of pediatric general surgery. He accepts consultations from pediatricians, family practice physicians, internal medicine physicians and local specialists from north Alabama and southern Tennessee to provide a seamless continuum of care.

Trust Tennessee Valley Pediatric Surgery

- Surgical pediatric evaluation and treatment of a variety of serious conditions in neonates, infants, children and adolescents.
- Coordination of care including personal dictated letters to each referring physician within 48 - 72 hours following the initial new patient consultation.
- Diagnostic radiological services through Huntsville Hospital, including CT scan, Ultrasound and MRI (as appropriate), within one to five business days of the initial visit. We also offer same day radiological service with some tests that are ordered during the initial office visit.
- Collaborative care of pediatric patients throughout the various stages of the operative process.
- Comprehensive pediatric general surgical care for hospitalized patients.

Scheduling appointments

Consultation with Dr. Gilbert is by appointment only. Appointments may be scheduled by contacting the clinic directly. Be prepared to provide:

- Current insurance information*
- Mailing address*
- Daytime/evening/cell phone numbers*

On the day of your appointment, please allow time for parking and registration. In addition, please bring the following items to your appointment:

- Current insurance card*
- Method of payment*
- Current medication or a complete list of medicines with doses, including all over-the-counter medications, herbs and vitamins*

Canceling appointments

If it is necessary to cancel an appointment, please notify the clinic at least 24 hours in advance. This is an important courtesy to others waiting to schedule an appointment.

Telephone calls

All messages are given to the appropriate personnel as soon as possible, and every attempt is made to return telephone calls during regular work hours. There are times, however, when we cannot answer calls within the same day they are received. Please tell the receptionist if your call is urgent, if it must be returned the same day or if a response is needed by a particular time. Again, so that we can accurately reach you, please confirm your contact telephone numbers with the clinic.
